Wall to Wall Coverage for your Business

"We switched to Federated Insurance years ago because of the coverage they offered, the additional safety programs available to us and their extensive knowledge of construction industry insurance requirements. In addition, Federated Insurance helped us find a new bonding company which we are much happier with than our previous bonding company. We have stayed with Federated Insurance because they are very responsive and are truly looking out for our best interest."

– Cheri Desrosier, Flooring Services, Inc.
